Tony Bruce St. Stephen Campus, kuida

PROFESSIONAL SUMMMARY

Second-year B.Tech Information Technology student at Uka Tarsadia University with a 9.7 SGPA and a strong interest in software development, Generative AI, and emerging technologies. Familiar with C, Python, Java, JavaScript, HTML, CSS, Git, NumPy, and Pandas. Hands-on experience developing web-based and Python applications through academic projects. GeeksforGeeks Campus Mantri with experience supporting technical learning initiatives, student engagement, and digital outreach.

EDUCATION

Bachelor of Technology(B.tech) in Information Technology

Uka Tarsadia University,Bardoli , Gujarat

PROJECTS

College Event Management System
Technologies: HTML5, CSS3, JavaScript
Developed a responsive web application that enables students to sign up, log in, browse college events, and register online.
GitHub: https://github.com/TonyBruce07/Event-Managing-System

Digital Logic & Number System Converter
Technologies: Python 3
Developed a menu-driven Python application to perform number system conversions, digital logic gate operations, and complement calculations for Digital Electronics concepts.
GitHub: https://github.com/TonyBruce07/Digital-logic-and-Number-System

Medicine Vault
Technologies: HTML, CSS, JavaScript, Bootstrap, PHP 8+, MySQL/MariaDB.
Developed a web-based application to manage household medicine inventory, monitor expiry dates and low-stock levels, and maintain medicine disposal records with a relational database.
GitHub: https://github.com/TonyBruce07/medicine-vault

School Management System
Technologies: PHP 8, MySQL, HTML5, CSS3, JavaScript, Bootstrap 5
Developed a web-based School Management System featuring separate portals for students, teachers, administrators, and the principal. Includes student and teacher management, attendance tracking, examination schedules, timetables, fee management, notices, events, and a public-facing school website.
GitHub: https://github.com/TonyBruce07/school-management-system

TECHNICAL SKILLS

- Programming Languages: C, Python, Java, JavaScript
- Web Technologies: HTML5, CSS3
- Libraries: NumPy, Pandas
- Tools & Platforms: Git, GitHub, VS Code, Linux, IntelliJ IDEA

EXPERIENCE

GeeksforGeeks Campus Mantri (6 Months)

- Promoted technical learning programs and workshops across student communities.
- Created digital content and managed outreach campaigns through LinkedIn and social media.
- Enhanced technical and communication skills by completing industry-recognized courses and badges

---

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- **GenAI Powered Data Analytics Job Simulation** – TCS via Forage | September 2026

- **Getting Started with Linux Fundamentals (RH104 – RHA), Version 9.1** – Red Hat | September 2026 · Certificate of Attendance, 16 credit hours

- **Intro to SQL** – Kaggle | Completion date to be confirmed

- **Basics of Java Programming** – CodeHelp | Completion date to be confirmed
